Use of Non-GAAP Financial Measures

In addition to the financial statements presented in accordance with U.S. generally accepted accounting principles ("GAAP"), LGI Homes uses certain non-GAAP financial measures, including Adjusted Gross Margin. LGI Homes defines Adjusted Gross Margin as Gross Margin less Capitalized Interest and adjustments resulting from the application of purchase accounting included in the Cost of Sales. Other companies may not calculate Adjusted Gross Margin or other non-GAAP financial measures in the same manner as LGI Homes and therefore such information may not be directly comparable to those measures of LGI Homes' performance.
